To,

The Senior Surgeon
and Sanitary Commissioner
With the Government of Mysore.

With reference to his No 4253 dated 26th March requesting to be informed of the rates of mileage and batta to which the Compounders and Midwives are entitled under Codal rules, has the honor to state that the travelling allowances of such of the Midwives and Compounders as are attached to ~~Government~~ Dispensaries and whose pay is charged to the Provincial Revenues are regulated by the rules in part XII of Mysore Service Regulations.

2. Midwives are allowed a mileage of annas 2 per mile when they travel a distance of over 5 miles from their Head Quarters; vide Government Order No 4629-40 / L.7.55-93 dated 7th September 1893, no batta is however allowed to them for halts in connexion with labour cases.

3 As regards Contingencies other than those contemplated in the Government order quoted in the preceding para, in which Midwives make halts and also as regards the travelling allowances admissible to the Local Fund Dispensary Compounders

Compounders, in general there appear to be no orders of Government fixing the rates: but the provisions of the Mysore Service Regulations having been recently extended (Vide Government Order No. 6480-9 F.C. 651 dated 23rd February 1901) so far as they may be applicable to the servants of Municipal and District Fund Boards Midwives and Compounders would appear to be amenable to the rules contained in part XII of those Regulations.

It is however suggested that a reference may be made to Government on the point.

Enclosures are herewith returned.
